D6128	TECHNICAL SUPERVISOR RESPONSIBILITIES CFR(s): 493.1451(b)(9) The technical supervisor is responsible for evaluating and documenting the performance of individuals responsible for high complexity testing at least annually after the first year, unless test methodology or instrumentation changes, in which case, prior to reporting patient test results, the individual's performance must be reevaluated to include the use of the new test methodology or instrumentation. This STANDARD is not met as evidenced by: Based on lack of testing personnel competency evaluation documentation and interview with the facility personnel, it was determined that the technical supervisor failed to evaluate and document the performance of one testing personnel at least annually. Findings include: 1. The laboratory performs testing under the sub-specialty of Histopathology, with an approximate annual test volume of 12,206. 2. No documentation of annual competency assessment for 2017 was presented for review for one out of one testing personnel who performs the gross description on patient specimens. 3. The facility personnel confirmed that no annual competency evaluation was performed for the testing personnel indicated above during 2017.
