(X4) ID Prefix Tag	Summary Statement of Deficiencies
D6054	<p>TECHNICAL CONSULTANT RESPONSIBILITIES CFR(s): 493.1413(b)(9)</p> <p>The technical consultant is responsible for evaluating and documenting the performance of individuals responsible for moderate complexity testing at least annually, after the first year.</p> <p>This STANDARD is not met as evidenced by: Based on a review of the laboratory's Application for Certification (CMS-116), a review of Personnel records, and an interview with the General Supervisor, the Technical Consultant failed to evaluate competency annually for Testing Personnel performing Serum Human Chorionic Gonadotropin (hCG) and Serum Mononucleosis testing. This was noted for eight out of eight previously qualified Testing Personnel from the date of the last survey, 8/31/22, to the date of the current survey, 2/15/2024. The findings include: 1. A review of the laboratory's current CMS-116 form noted Serum hCG and Serum Mono on the testing menu. 2. A review of Personnel records revealed annual competency assessments for all eight Testing Personnel for the year 2023. No evidence of competency assessment for Serum hCG and Serum Mono testing was available. 3. During an interview on 2/14/2024 at 11:24 AM, the General Supervisor confirmed the above findings.</p>
