Name of Provider or Supplier University Park Dermatology	Street Address, City, State 8451 Shade Ave Ste 205, Sarasota, FL	
For information on the provider's plan to correct this deficiency, please contact the provider or the state survey agency.		

(X4) ID Prefix Tag	Summary Statement of Deficiencies
D0000	An announced CLIA recertification survey was conducted at University Park Dermatology on 04/04/2024. The laboratory is not in compliance with 42 CFR Part 493, Requirements for Laboratories. The following is a description of the standard level deficiency:
D5217	<p>EVALUATION OF PROFICIENCY TESTING PERFORMANCE CFR(s): 493.1236(c)(1)</p> <p>At least twice annually, the laboratory must verify the accuracy of any test or procedure it performs that is not included in subpart I of this part.</p> <p>This STANDARD is not met as evidenced by: Based on record review and staff interview, the laboratory failed to ensure the accuracy for twice a year testing for parasitology (Scabies) for four (#A, #B, #C, and #D) out of four Testing Personnel (#A, #B, #C and #D) for two out of two years (2022 - 2024). Findings included: Record review of the laboratory's KOH and Parasite Testing records that included "Provider signature" and "This case was reviewed by" revealed Testing Personnel (TP) #A had verification of accuracy performed one time in 2024 (04/03/2024) and Testing Personnel #B, #C and #D did not have verification of accuracy performed in two out of two years (2022 - 2024). Record review of College of American Pathologists (CAP) proficiency testing records for "Ticks, Mites, and Other Arthropods" proficiency testing revealed that six (B Event 2022, A and B 2023, and A 2024) out of six (B Event 2022, A and B 2023, and A 2024) did not provide testing for scabies. Record review of CAP Identification Master List for "Ticks, Mites, and Other Arthropods" revealed that "Mite, Demodex sp"(scabies) was listed as having the potential to be included in a "Ticks, Mites, and Other Arthropods" proficiency testing event. Record review of the "Parasitology test examination" revealed the laboratory has registered with an accredited Proficiency Program to participate in Proficiency testing for the specialties of Parasitology. On 04/04/2024 at 10:55 AM, the Lead Medical Assistant confirmed the twice annual verification of</p>

accuracy for scabies had not been performed by peer review or by CAP proficiency testing.
