This STANDARD is not met as evidenced by:

Based on a review of testing personnel qualification documents and an interview with testing personnel 1 (TP1) on 5/6/2021, the laboratory failed to have a qualified high complexity personnel performing testing. The findings include: 1. A review of educational and training documents identified that the laboratory failed to have one (1) of two (2) testing personnel qualified to perform gross examinations, a high complexity test, at the time of survey. TP1 failed to have at minimum an associates degree in science and 3 months of documented laboratory training documentation at the time of survey. 2. An interview with TP1 on 5/6/2021 at 9:31 am confirmed that there was no documentation of education or training available at the time of survey to qualify them as a high complexity personnel.
