This STANDARD is not met as evidenced by:

Based on review of laboratory personnel records, lack of documentation, and interview with the laboratory representative; the laboratory failed to ensure one of ten testing personnel (TP) met the educational requirements for high complexity testing. Findings include: 1. Review of personnel educational documentation revealed one of ten TP, TP #9, failed to have qualifying documentation for high complexity testing prior to reporting test results starting in 11/07/2024. 2. Interview with laboratory representative on 11/25/2025, at 2:57 pm, confirmed no foreign equivalency documentation was available to qualify TP #9 as a high complexity testing personnel.
