| D6041 | <p>TECHNICAL CONSULTANT RESPONSIBILITIES CFR(s): 493.1413(b)(3)</p> <p>(b) The technical consultant is responsible for-- (b)(3) Enrollment and participation in an HHS approved proficiency testing program commensurate with the services offered;</p> <p>This STANDARD is not met as evidenced by: Based on review of the laboratory proficiency testing records, Centers of Medicare and Medicaid Services (CMS) database proficiency testing CASPER report 0155D and confirmation with the laboratory director/ technical consultant (LD/TC) at 3:00 p. m. on 8/31/2023, the TC failed to ensure the laboratory enrolled and participated in an HHS approved proficiency testing (PT) program for CBC (complete blood count) performed on the Medonic M Series hematology analyzer for 2 of 5 testing events between 12/16/2021 and 8/31/2023. Findings include: 1. During surveyor review of the CMS database CASPER Report 0155D proficiency report, there was no evidence of proficiency testing performed for the first and second events of 2022. 2. During surveyor review of the laboratory proficiency records from 12/17/2021 through 8/31 /2023, there was no documentation of proficiency testing results or evaluations for the first and second events of 2022. The laboratory did not participate in 2 of 5 proficiency events since 12/16/2021. 2. The LD/TC confirmed in an interview at 3:00 p.m. on 8/31/2023 that the laboratory did not enroll and participate in the 1st and 2nd proficiency events of 2022 for hematology testing (CBC).</p> |
