(X4) ID Prefix Tag	Summary Statement of Deficiencies
D0000	<p>This Statement of Deficiencies was created as a result of an on-site CLIA recertification survey conducted at your facility on September 10, 2024. The findings and conclusions of any investigation by the Division of Public and Behavioral Health shall not be construed as prohibiting any criminal or civil investigations, actions or other claims for relief that may be available to any party under applicable federal, state, or local laws.</p>
D6064	<p>TESTING PERSONNEL QUALIFICATIONS CFR(s): 493.1423(a)</p> <p>Each individual performing moderate complexity testing must possess a current license issued by the State in which the laboratory is located, if such licensing is required.</p> <p>This STANDARD is not met as evidenced by: Based on a review of the completed CMS-209 form listing the laboratory testing personnel, a review of the State of Nevada Division of Public and Behavioral Health personnel certification records, and an interview with the Senior Center Manager, the Assistant Manager of Quality, and the Assistant Manager, the director failed to ensure that testing personnel ceased donor testing between the time of the Office Laboratory Assistant certification expiration and reinstatement as required by the State of Nevada. Findings include: 1. A review of the laboratory testing personnel records revealed that two of 33 testing personnel continued performing donor testing during a lapse in the Office Laboratory Assistant certification required by the State of Nevada. 2. Testing personnel number nine listed on the CMS-209 failed to maintain the State of Nevada Office Laboratory Assistant certification required to perform donor testing. The certification expired on December 26, 2023. The personnel applied for a new certification that was issued on May 6, 2024. 3. Testing personnel number 29 listed on the CMS-209 failed to maintain the State of Nevada Office Laboratory Assistant certification required to perform donor testing. The certification expired on July 16, 2024. The certification was reinstated on September 4, 2024. 4.. The findings were</p>

confirmed that the personnel continued to perform donor testing while the certification was expired during an interview conducted with the Senior Center Manager, the Assistant Manager of Quality, and the Assistant Manager on September 10, 2024 at approximately 2:00 PM. The laboratory performs approximately 81,936 chemistry tests annually.
