Findings include: 1. The laboratory was approved to test for SARS-CoV-2 by waived antigen testing on 3/01/2021. 2. The business manager indicated in an email on 6/15/2022 that the school tested athletes for SARS-CoV-2 beginning in late August of 2021. The business manager indicated that there are no records of test results being reported to the State Authority due to the loss of data when the computer crashed. The data was not saved on the cloud. The school performed approximately 120 SARS-CoV-2 antigen tests to date.</p>
