<b>(X4) ID Prefix Tag</b>	<b>Summary Statement of Deficiencies</b>
<b>D3000</b>	<p>FACILITY ADMINISTRATION CFR(s): 493.1100</p> <p>Each laboratory that performs nonwaived testing must meet the applicable requirements under 493.1101 through 493.1105, unless HHS approves a procedure that provides equivalent quality testing as specified in Appendix C of the State Operations Manual (CMS Pub. 7). (a) Reporting of SARS-CoV-2 test results During the Public Health Emergency, as defined in 400.200 of this chapter, each laboratory that performs a test that is intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19 (hereinafter referred to as a "SARS-CoV-2 test") must report SARS-CoV-2 test results to the Secretary in such form and manner, and at such timing and frequency, as the Secretary may prescribe.</p> <p>This CONDITION is not met as evidenced by: Based on review of SARS-COV-2 patient test records, interview with the office manager, review of public health SARS-COV-2 data reporting records and interview with the technical consultant, the laboratory failed to report SARS-COV-2 results from November 6, 2020 until July 27, 2021. The findings include: 1. Review of SARS-COV-2 patient test records revealed the laboratory began patient testing for SARS-COV-2 on November 6, 2020. 2. Interview with the office manager on November 2, 2021 at approximately 3pm revealed the laboratory did not report negative patient SARS-COV-2 test result to public health authorities from the time the laboratory began testing on November 6, 2020 until "around the first of August 2021." 3. Review of public health SARS-COV2 data reporting records revealed the first date negative results were reported to public health authorities was July 27, 2021. 4. Review of randomly selected SARS-COV-2 patient testing dates revealed the following dates when proof of public health reporting for SARS-COV-2 results could not be provided (three of four selected dates): November 12, 2020-One negative result not reported. March 5, 2021 - Eight negative results not reported. August 4, 2021 -five positive, seventeen negative results not reported. 4. Phone interview on December 10,</p>

2021 at approximately 3pm with the technical consultant confirmed the laboratory did not report SARS-COV-2 negative results from November 6, 2020 until approximately July 27, 2021. No documentation could be provided for reporting of either positive or negative results for August 4, 2021.
