(X4) ID Prefix Tag	Summary Statement of Deficiencies
D0000	An announced, on site, routine recertification survey was conducted at CAMC Respiratory W&C on April 25, 2023, by the West Virginia Office of Laboratory Services. The laboratory was assessed for compliance with the Federal Clinical Laboratory Improvement Amendment (CLIA) regulations under 42 CFR 493. Specific deficiencies cited are explained below.
D6064	<p>TESTING PERSONNEL QUALIFICATIONS CFR(s): 493.1423(a)</p> <p>Each individual performing moderate complexity testing must possess a current license issued by the State in which the laboratory is located, if such licensing is required.</p> <p>This STANDARD is not met as evidenced by: Based on record review and interview, 11 of 11 laboratory testing personal (TP) did not possess a current WV Clinical Laboratory Practitioner License and performed moderate complex patient testing in January, February, and March 2023. Findings: 1. WV State rule Clinical Laboratory Practitioner Licensure and Certification 64 CSR 57 states that a current license is required for any individual performing moderately complex testing. 2. Review of laboratory records identified 11 of 11 TP had no current WV license in January, February, and March 2023 and performed moderate complex testing. 3. An interview with the technical consultant and laboratory manager, 4/25/23 at approximately 9:00 AM, confirmed the 11 TP WV licenses were not obtained before April 1, 2023.</p>
